Monthly Newsletter

MONTH - DECEMBER | ISSUE - 05 | YEAR - 2021

FROM THE PRINCIPAL'S DESK

C Ravikanth Ohal
Principal

This month the school buzzed with the sweet sound of students with numbers gradually increasing in physical classes each day. One of the challenges was to administer the test with students writing their first test outside the comfort of their home. With guidance from their teachers they were able to complete the assessment. Learning cannot and must not be assessed in only one way. We have the system of multiple assessments where students get to present their knowledge and understanding in multiple ways other than the traditional written format.

International Men's Day was celebrated to express our gratitude to all the men who with their contribution and support make our lives much happier and comfortable. Special games were organized to make them enjoy the day dedicated to them and they left with the promise that next celebration they will come in more numbers.

We celebrated Christmas in school for preprimary to Grade 3 with special assembly, plenty of games, music and dance. Students of Grades 4 onwards had their first ever out of the school trip to our beautiful campus in Kadi- Shanti International School. They felt extremely special with the warm welcome organized by the school. Seeing them happy truly made the Christmas merrier.

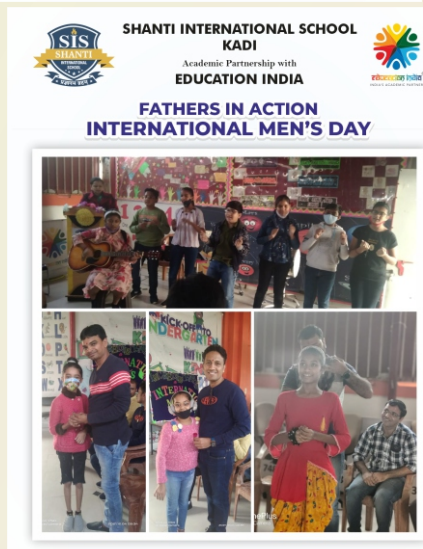

SCHOOL CELEBRATIONS & ACTIVITIES

Learning At SIS - Kadi

Students have varied learning styles and teaching all the students in one way will never cater to their needs. We follow multidisciplinary approach and support our lessons with activities based on multiple intelligences.

International Men's Day

Men have always stood with us in each and every celebration without demanding anything for themselves. We held a small celebration on this day to make all the men of SIS Kadi family to make them feel special. They enthusiastically participated in team games and enjoyed the programme that our students had prepared specially for them amid their periodic tests.

Certificate For Global Sustainability

It is always encouraging to get your work recognized by other institutes/NGOs. Our school SIS –Kadi has received an appreciation certificate for global sustainability. We are proud to receive this certificate and hoping to achieve many more in this field.

Periodic Tests

Tests are a meant to check the understanding level of the students. It also provides students and teachers constructive feedback to make necessary improvements.

Christmas Celebration

Christmas isn't just a festival, it's a feeling.

We celebrated Christmas remembering Lord Jesus and his sacrifice. All the students were excited to see the Santa Claus. Students of grades 1 to 8 were participated at our school campus for celebration. Students were also taught to make beautiful Santa and Christmas tree during their Art period.

Special Achievements

Our little Shantian Master Shourya Singh Bhadouriya made us proud by achieving 3rd position in Mini (U-12) State Fencing Championship 2021-2022. We at SIS-Kadi never forget to encourage all the little/big efforts /achievement of our students. Congratulation Shourya on your incredible success!
