FROM THE PRINCIPAL'S DESK

C Ravikanth Ohal
Principal

"Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations"

Today, the role of a school is not only to pursue academic excellence but also to motivate and empower its students to be lifelong learners, critical thinkers, and productive members of an ever-changing global society.

The school is striving hard to make the best possible efforts to inculcate strong values combining with academics and extra-curricular activities in the children. Converting every individual into a self-reliant and independent citizen, the school provides an amalgam of scholastic and co-scholastic activities.

While academic excellence is our major thrust, the school is also devoted to prepare the students for life, groom them to face the challenges of tomorrow, and encourage them to be socially relevant. We constantly endeavour to live up to this ideology and inculcate this into everything we do, with the aim that we will be able to ensure that the children grow to their full potential.

We at Shanti International School –Kadi conducted variety of activities in during the month of February such as Basant Panchami, Urja – Science fair, Cleanliness drive and PTM addressing Annual Exams related tips.

These activities apart from academics is to make our students well aware about the celebrations and to develop pride about our country's rich culture and tradition.

SCHOOL CELEBRATIONS & ACTIVITIES

Basant Panchami

Basant Panchami is the **festival dedicated to goddess Saraswati who is the goddess of knowledge, language, music, and all arts**. She symbolizes creative energy and power in all its forms.

We at Shanti International School organised a special assembly, both in online and offline mode, to offer veneration and prayers to explain the importance and significance of Basant Panchami to our young learners.

Science Exhibition

The main objectives of organising Science exhibitions are:

- Promoting interest
- Encouraging creativity among students and inculcating a sense of pride in their talent.
- Popularising Science and technology among masses and creating an awareness regarding its impact on socio-economic and sustainable development of the country.

We at Shanti International School Kadi believes in giving students hands on learning experience to explore their creativity. Our students have shown us their innate potential and talent by thinking out of box by designing different models and explaining its benefits.

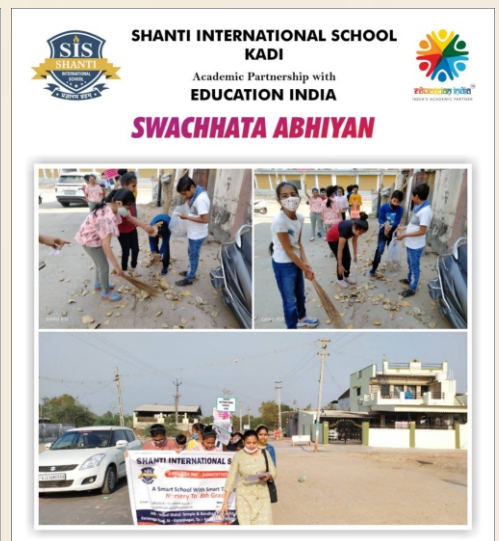

Many of our parents appreciated the efforts of our students for their presentation.

Cleanliness Drive

The Swachh Bharat Abhiyan is the most significant cleanliness campaigns launched by the Government of India. India is in dire need of a cleanliness drive like Swachh Bharat Abhiyan to eradicate dirtiness. It is important for the overall development of citizens in terms of health and well-being.

We at Shanti International School-Kadi conducted the Cleanliness Drive Campaign at three different locations (Karannagar, Gayatri Mandir and Nani Kadi) to bring awareness among our citizens about the importance of cleanliness and its benefits. The rally of students were seen marching on the road unanimously saying the slogan "Ek Kadam Swachhata ki aur" "Swachhata ka karey palan", "Swachh ho har ghar aangan".

Annual Exams related Tips

February month ended with the revisions and readiness for the Final examination with teachers sharing exam tips to the students as our students will be writing their final exams in offline mode after the gap of two continuous years.

PARENT'S TALK

We are parents of Preksha Patel studying in Jr.KG in SIS-Kadi. It is such a great School that helps building great character in the young minds. The teaching methodology used by them to teach the Pre-primary kids is commendable. Although it was online school my child never wanted to miss her online classes even a single day. The activity based learning method has made the teaching interesting and joyful. My child enjoys every bit of her school time. We are thankful to the team SIS Kadi. Thank you!

**Mr. Parth Patel &
Mrs. Bhoomi Patel**

PARENT'S TALK

We are the parents of **Pallav Patel (Grade 1)** and **Idhma Patel (Grade 4)** studying at Shanti International School Kadi. I would like to take this opportunity to thank all the teachers for the efforts they are putting together to teach our children. We are really proud because we are part of SIS Kadi. Thank You SIS Kadi Team and Management for all leadership and support you have provided throughout the years. Thank you once again for all wonderful work. Best wishes for future endeavour.

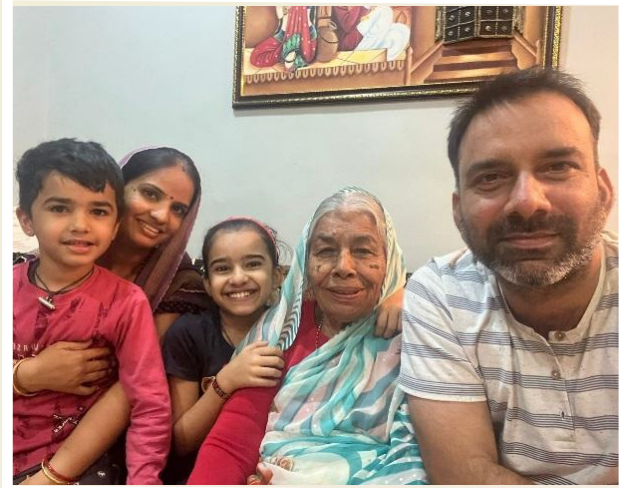

**Mr. Lalitbhai Patel and
Mrs. Geetaben Patel**

PARENT'S TALK

Thank you SIS Kadi Team

For giving us this opportunity to express our valuable feedback. We are happily satisfied parents of **Hetvi Upadhyay (Grade 3)** and **Madhav Upadhyay (Grade 1)** both of our children are in SIS Kadi Studying since playgroup. We would like take this opportunity to thank you team for teaching our children with professionalism, dedication, hardwork and personal care. We wish and pray for a wonderful journey ahead.

**Mr. Mahendra Upadhyay and
Mrs. Anjana Upadhyay**

TEACHER'S TALK

Greetings to everyone!

I am Jyoti Sharma, providing my services as a Hindi mentor in Shanti International School Kadi. Till now, it has been an astonishing experience working in an environment where GROWTH is sincerely advocated. Hence learning new things becomes very easy; not only for students, but for teachers too.

As an educator, I truly understand the importance of profuse visualisation for a student. "Hindi" being the language of the common, provides a crisp canvas for a child's infinite ideology.

But for this, one really needs an **OPEN MENTAL ENVIRONMENT**; which is provided through numerous campus activities for sure.

Every single day I feel extremely honoured to be the **NURTURER OF THE FUTURE**, and that too by the means of such a prestigious institution!

Jyoti Sharma
(Hindi Mentor)

TEACHER'S TALK

A warm greetings to all the reader who took an effort to see what a teacher wants to convey to the society. I Gohel Nikita (Coordinator cum Counselor) currently serving at SIS-Kadi. All of us must have felt that we are whatever we are because of a teacher. This teacher is not supposed to be a teaching faculty at school or mentor but this is a person who guided a path on which we are now. This path could be a well design curriculum in the hand of talented teacher. We at SIS Kadi have understood the desperate need of parents for quality education along with value education.

And tried to achieve that with efficient staff, academic support from Education India, Edubuddy Application for interesting videos, our great helpers at school and last but not the least our students who are constant support for us.

Nikita Gohel
(Counsellor cum Coordinator)
