Monthly Newsletter

MONTH - MARCH & APRIL | ISSUE - 05 | YEAR - 2022

## FROM THE PRINCIPAL'S DESK

**C Ravikanth Ohal**  
Principal

These two months have been the testing months with the students coming back to the school and taking tests and examination in offline mode.

I believe that having quality, inspirational and passionate teachers is essential to a school's success. To borrow John Hattie's words; **"teachers should build classroom climates where errors are welcome, student engagement is the norm, questioning is high and students gain reputations as effective learners."**

To equip our students for the new academic session we had bridge course to fill the learning gap due to online mode during the 2 years of pandemic. Lot of engaging activities in the classrooms ensured that our students are active participants in their learning.

We do everything in our school to ensure that our students are not afraid to try anything new. Students participated in the CCA activities and proved that participation is more important than winning.

### SCHOOL CELEBRATIONS & ACTIVITIES

School as a community celebrated few activities/competition/celebration which includes parents, guardians and students to involve themselves and be a part of our school family.

**Cooking Competition** – As a part of Mother's Club activity we have conducted the cooking competitions for mothers to bring out their innate talents and recognise their efforts of being a hard working mother who never gets tired. Hats off to our mothers.

### Inject Happiness

As a school we also conducted the Medical Health Check-Up camp at our school to serve the people by providing free medical health check-up. To grace this occasion Dr. Alpesh Prajapati – MD of Rhythm Hospital and his team along with the Dr. Rajesh Raiyani – MD of Devansh Raiyani Hospital and Medical has provided their selfless service to the people.

### Covid Vaccination Drive

Covid Vaccination Drive was conducted for the student of Age 12-14 at Shanti International School Kadi with the parent's consent and also they were present on the vaccination day.

### Open House

After the successful completion of academic year 2021-2022 we had a Open House – Parents Teachers Meeting to discuss about the child's progress and areas of improvement required. It also gives us immense pleasure to take the valuable feedbacks from our esteemed parents for future developments required in school.

## Welcome Day

School welcomed the students for the new academic session 2022-2023 with fun filled activities to make them feel special

### Bridge Course

Bridge course is one of the most important part in school as it will help the students to have a strong foundation of the previous year before they move to new academic session. All the important concepts were covered through activity based learning so that students can learn by doing and involving themselves.

### Co-Curricular Activities

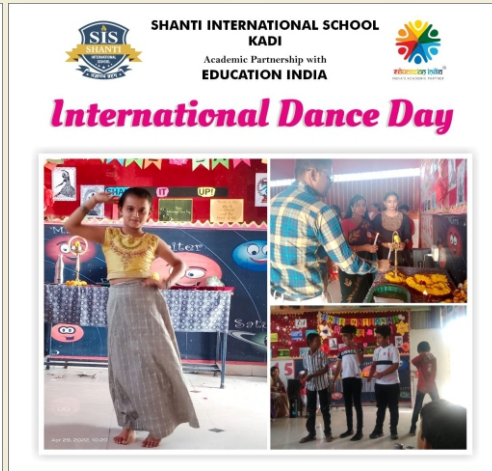

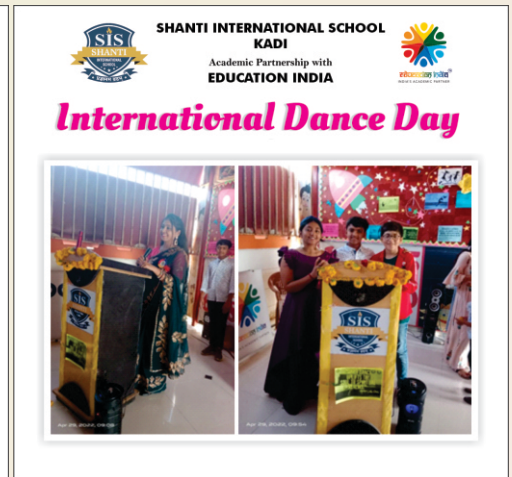

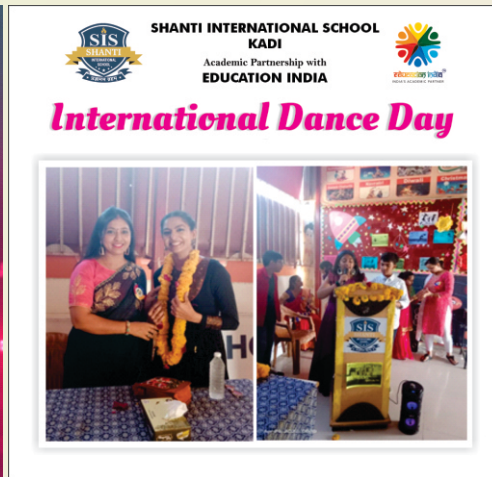

Co-curricular activities offer the students an opportunity of thinking unusually and getting the innovative ideas of their own. Participation in these activities also aid a student's social skill development, emotional development and overall personality development.

We conducted activities such as - Spot the Difference, Dance, Essay Writing, Elocution, Role play.....

### International Dance Day

International Dance Day was celebrated on 29th April 2022 to mark the importance of dance as an art, which is now a sought after profession. All our students enjoyed the event by showing their dance skills and our guest Ms. Divya Thakkar Prajapati, a well know dancer, choreographer and teacher, made this event extra special with her performance. She has represented our country in various international events.

## Teachers Orientation Programme

1. As a school we believe in regular professional development, upgradation of skills, and learning new strategies for teaching. Shanti International School has conducted teachers' orientation programme for our teachers of Grades 1 and 2 at SIS Unjha to introduced them to the books of Grade 1 and 2 based on the NEP 2020.

## Parents Orientation Programme for Grade 1 and 2

We believe in partnering with our parents and discussing with them the changes we bring in. The books were introduced to the parents by Mr. Suraj and Ms. Caroline (Education India) and Head Principal- West Zone - Ms. Manjula Sachin. They explained the features of the books and highlighted how it will be implemented through different activities and integration of subjects. Parents queries were also addressed.

### PTM

After the successful completion of Bridge Course we ended the session with a PTM to facilitate the discussion on the progress the child is making in the school.

## Debate Competition

We believe in participation is more important than winning the games. We have conducted a Debate by integrating Science subject with English language where students have participated enthusiastically on the topic – Science is a Boon or Bane in which grade 7 and 8 students put their point of view individually. Through this activity students develop listening and speaking skills and also the importance of science in our daily life with its advantages and disadvantages.

This debate was conducted by Ms. Shweta Gupta (Senior Principal) and Ms. Niharika Verma (English Mentor) along with other subject teachers who have supported in conducting Debate competition successfully....

### PARENT'S TALK

**Mr. & Mrs. Hitesh Kumar Patel**

We are so glad that we have selected Shanti International School for my son Tirth Patel, studying in Grade 7. We have noticed a great level of confidence in my son. Each and every day their personality, discipline as well as his academic skills improved.

Thanks to the SIS teaching staff and school. As staff makes many efforts that students can understand things easily. They are helpful and co-operative, we appreciate the fact that, it is not only about finishing whole syllabus but also ensure that students learn properly.

We believe that my child's future will become very bright and that credit goes to SIS Team. Once again I would like to say thank you for providing my son such a conducive and learning environment in the school premises.

Regards

### PARENT'S TALK

#### **Mr. Japan Ashokbhai Parikh & Mrs. Hemangiben Japan Parikh**

We are happy and a proud parent of ANSH PARIKH studying in Sr.KG at Shanti International School, KADI. If you want to raise mentally, emotionally healthy children who know how to live life, I can't think of a better place.

Very good teachers and school. My son has learnt a lot of things. I am very happy with school teachers and staff. Teachers are passionate about seeing their students succeed. They are so great about sharing moments of pride they see within your child – their good behaviour and achievements; and they know the importance of getting the parents involved should an issue arise, and do it in a very respectful, approachable manner. Thank you for helping my son to improve his learning and gaining confidence. Even during COVID times, learning is ongoing. Best faculty, safe environment and moral education with latest technology. Gets children interested in learning and ready for the next stage of their lives." If you are looking for a place for your child in this general area, I highly recommend you stop in for a tour.

Regards.

### PARENT'S TALK

#### Mr. and Ms. Singh Kalra

We are the proud parents of Ishmeet Singh Kalra in grade 3 at Shanti International School Kadi. I am very pleased to say that even in this pandemic my kid is growing not only academically but also in other areas like dance, music, craft etc. The school is providing her enough opportunities to showcase her talent in Class as well as in Inter-School competition. His online Class starts with Morning Prayer and then interactive session with her Class Teacher, which is helping her in making a bond with her teacher. My kid always looks forward for her online Class. I am fully satisfied with the Great efforts by her teacher.

We are really thankful to principal sir & whole staff to being there with our children

### TEACHER'S TALK

**Nimesh Patel – Gujarati Mentor**

Hello,

I, Nimesh Patel have joined SIS-Kadi as a part-time teacher for regional language Gujarati. It was whole new experience for me. When I first started my teaching I was scared that whether I would be able to give my 100% for my student's development. And I am proud to say that I have learned alot from my students. It has been a wonderful journey in a joyful atmosphere with little talks regarding religion and I have tried to make them value our roots and beliefs. I taught them the importance of parents and their blessings in their life by giving vivid examples. I seriously learned alot from this institution. I treated each student as my own kid and tried to bring best in them. I have put an efforts in developing positive attitude towards Gujarati language and I am happy to know that my students accepted it whole heartedly. Their feedback was my strength. In this short journey of mine I got lots of help and support from Principal Sir, Shweta madam and entire team of SIS- Kadi. I will give rest to my pen with a big thankyou to my dear staff members, students and parents who made me who I am today.
