Shanti International School Kadi

Monthly Newsletter

MONTH - JULY | ISSUE - 05 | YEAR - 2022

FROM THE SENIOR PRINCIPAL'S DESK

Mrs. Shweta S Shivhare
Sr. Principal

"Jacques Delors has rightly said that education is based on the four pillars of learning to be, learning to know each other, learning to do and learning to live and share together"

The month of July started is the first step of the learning ladder of children. Like every year this month came up with lots of new and wonderful activities for children and the students also very enthusiastically participated in all these activities. The winners were awarded certificates and prizes. The students were made to understand step by step how to plant trees. They very enthusiastically planted the saplings in and around the school campus and watered them. The highlight of the month was the appointment of the members of the Students Council. We at SIS Kadi always believe in providing a platform to develop leadership qualities amongst our student, encourage them to be more responsible, make a right choices in life, do their best and treat everyone with respect.

One message for parents – Introduce children to God, do not involve in long prayers, if they show no interest. It is essential to start with a small dose and you will see the change children who recognise god and will never takes wrong path.

Wish you all a great academic session ahead. Thank you!!!!!!

FROM THE PRINCIPAL'S DESK

Mr. C Ravikanth Ohal
Principal

Warm Greetings!!!!

School's role in education is not just imparting knowledge but to use multifaceted approach to develop the while individual into a skilled citizen who is compassionate and has high level of commitment towards our country

The month of July started with the Celebration, Activities, Periodic Assessment, Parents Teachers Meeting and Teachers training which actively engages the students, teachers and parents.

Celebrations likes Doctors Day and Guru Purnima were celebrated grandly in the school premises and also special greeting cards were made to honour the doctors for their service to the mankind by our Shantians. Students visited their clinics/hospital to present them with the greeting cards.

Activities likes Paper Bag day, Show and Tell, Vanmahotsav, Students Council Elections and Investiture ceremony were organised to develop students' Creative skills, Speaking skills, Leadership skills and to Sensitize them to protect our nature.

Assessment helps an individuals to check their understanding levels and get the proper feedback for their learning gaps through regular assessments with feedback.

Parents Teachers Meeting is a must in all the schools as it will helps the parent to check their wards progress and areas of improvement for the all-round development of the student and is a platform to share their valuable feedbacks which helps the schools to take corrective measures in all areas.

Teachers' training was conducted for all the teachers of Schools of Gujarat regions managed by Education India for the professional development of the teachers at Mehsana Campus. The training was conducted by Dr S. Bercmans David – an educationist, leader and thought provoker...

CELEBRATIONS & ACTIVITIES

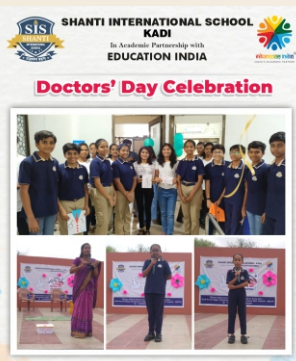

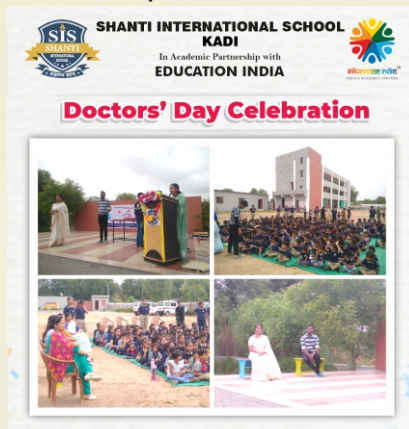

Doctors Day

National Doctor's Day is celebrated on July 1, in India, to mark the birth and honour the contributions of renowned physician Dr. Bidhan Chandra Roy.

Students of SIS Kadi, through special assembly explained the importance of this day. Students of first aid club visited different hospitals

1. Rhythm Hospital
2. Devansh Clinic
3. Bhagyoday Hospitals

And other two clinics, gave cards to doctors as small token of appreciation for their work that saves lives and comforts an ill person.

Students Council Elections and Investiture Ceremony

Elections are essential part of any democracy. Students of Grades 1 to 8 of SIS Kadi, casted their votes to elect their School Captain, Sports Captain and House Captain. They learnt the entire procedure of casting votes.

Prior to the elections the candidates actively ran their campaigning highlighting how they are the suitable leaders.

Investiture Ceremony

Extremely thrilled to have a Brand New Student Cabinet

Our Young Brigade is ready to don on their respective hats

Oath taking by our student cabinet 2022-23

Finally, the D-day has arrived. After weeks of planning, preparation, nominations, campaigning and elections, we are so proud to confer titles to the newly elected Student Council members. Our prefectural council was accorded designations and adorned with badges in a perfectly organised Investiture Ceremony.

Smt Vinita Mandowara, Head coach of District Level Sports School Kadi, Gymnastics Coach from Sports Authority of Gujarat graced the occasion as the Chief Guest.

Paper Bag Day

Paper bags are an environment-friendly alternative to the harmful plastic bags.

"Paper Bag Day" is observed worldwide on 12th of July. The day aims to spread awareness about using paper bags instead of plastic to help reduce plastic waste that take thousands of years to decompose.

Students of SIS Kadi, made paper bags as a part of their responsibility towards mother -nature and used them to buy groceries and their shopping needs.

Guru Purnima

Guru Purnima is one of the most auspicious Hindu festivals. It is celebrated on the full moon day in the month of 'Ashadha'. On this day, disciples pay respect to their gurus.

The word 'guru' is derived from two Sanskrit words, Gu and Ru, which together mean the one who dispels the darkness and takes towards the light. Thus, 'guru' simply refers to the spiritual guide who enlightens disciples by his knowledge and teachings.

Guru Purnima is a spiritual celebration of respecting teachers, gurus and mentors who helped us by showing right direction for our lives.

To honour the role and contribution of teachers and mentors, Guru Purnima was celebrated at Shanti International School, Kadi. The celebration started with the lighting of the lamp. The students presented a small cultural program consisting of songs, shlokas, poems, speeches, and dance. The teachers encouraged the students to lead a good and positive life. The program concluded with gaiety all around.

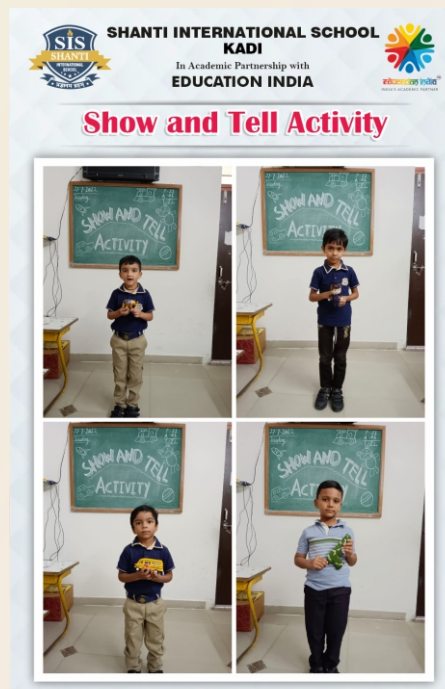

Activities

a) Show and Tell (Sr. KG)

Show and Tell gives children an opportunity to stand up in front of their friends and speak about a topic that interest them or share something that they love. It builds confidence and helps children develop effective communication skills.

Through this activity students develop the following skills

Learn How to ask questions, Emotional development, Speech development, Respectful listening and Children take the lead.

b) Vanmahotsav

Shanti International School Kadi Campus students celebrated the Vanmahotsav by planting a seedling. The title Van Mahotsav means "the festival of trees". This festival teaches the awareness of trees among people and represents the need of planting and nursing of trees, as trees are one of the best methods to limit global warming and diminish pollution. Van Mahotsava is celebrated as a carnival of life.

In India, it was started as a movement to save mother earth.

OPEN HOUSE PTM

Parents Teacher Meeting were held on 23rd JULY 2022 from Nursery to VIII

A parent Teacher Meeting for Nursery to Grade VIII was held on 23rd July, 2022 to discuss the performance of students with their parents. Parents were given feedback on their ward's performances in Periodic Assessment-1 2022-2023.

It was a great interaction between the teacher and the parents for the development of their children where they discussed both the strengths and areas of improvements. The progress report shown to the parents and their suggestions were noted. Any sign of a child failing to make progress, regardless of where they are in the lower, middle or higher range is questioned and addressed.

The PTM came to an end with the conclusion that joint effort, mutual understanding and co-operation of parents and teachers is very important for the proper nourishment and progress of students.

TEACHER TRAINING

Continuous Professional Development Teachers Training Effective Classroom Teaching and Unique Educational Practices

"Education is not the learning of facts, but the training of mind to think"

An efficient Teachers' Training programme was organized by Education India. It helped the educators in staying updated on latest methods and procedures being followed in the classroom. Fruitful sessions were delivered to the Teachers.

Knowledge about classroom management and unique educational practices were shared by an educationist, leader, learner and thought provoker - Mr. S. Bercmans David, who also provided current knowledge in pedagogical trends, classroom management skills and leadership.

The workshop greatly expanded our understanding of mindfulness and gave us a great understanding of how it can be used and taught to develop students' self-awareness/ self-management skills. It was very informative and we feel we can use this with our students and staff. Indeed! an excellent workshop, learned a great deal and inspired to learn more.

We've learned to center ourselves better as Teachers through many techniques taught by David Sir. The workshop taught us how to "control" and reduce stress and uplift ourselves with positive thoughts and how to reduce negative talk.

Approximately 90 teachers from SIS Mehsana, Patan, Kadi and Unjha participated in this training programme.

PARENT'S TALK

I am so excited that I got a chance to share some things about the school through my daughter Manya Sharma, Shanti International School, Kadi is an excellent choice for pre-school care. They have been such a fantastic influence in our lives and for our kids. We trust the teachers and staff who care for our children and they have been wonderful. The teachers are amazing, the curriculum is second to none and each child is treated with care. My daughter is attending this school as well. I rest peacefully at night knowing that my child is receiving the best. I hope that this school year coming up things will get better and advanced in learning strategies and approaches with keeping the kids safe during school hours as they are keeping it up at present. The Shanti International School is always giving them 100% as I have seen in my daughter through her growth and interest in school activities.

**Mr. Dharmendra Sharma and
Mrs. Sarita Sharma
Manya Sharma – Jr KG**

PARENT'S TALK

We are the proud parents of Jenil Rajendrakumar Patel studying in Grade 4B at SIS Kadi. We would like to share our opinion about Shanti International School.

School is called the 'temple of knowledge' in Hinduism. From the first to last of this school it is fully filled with various activities. Such activities not only give meaning to learning but also provide first-hand experience and stimulates interest and motivation.

All the teachers are very supportive and they teach them life oriented things.

SIS Kadi is the school where I can say that over all development of the student is possible with unconditional love and care of each and every child being taken into consideration whether it is academics or co-curricular activities.

**Mr. Patel Rajendrakumar Laxman Bhai &
Mrs. Patel Asmita Rajendrakumar
Parents of Master Jenil Rajendrakumar Patel**

PARENT'S TALK

I would like to thank Shanti International School Kadi. As we know schools are the temples of learning that teaches students many things. Schools provide a balanced education that helps in improving a student in both physically and mentally.

Besides academics, different skills are taught at **Shanti International School Kadi**, that includes sports skill, communication skills, time management, and so on. Similarly,

The environment of the school is very beautiful. There is a big playground in front of the school. Students play in the ground which help them to develop their mental and physical growth. Teachers' quality of the school is really appreciable because all of them are well qualified and educated. They teach our children with great care. Teachers always communicate with us about the condition of our child which help us to take care of them at home accordingly. As teachers are so careful, we don't have to take any tension for their development. The class room quality and infrastructure of the institution are attractive and modern which help our children to get the quality education by using all modern equipment practically. I am very much pleased that my child is studying in this institution.

I am really thankful and appreciate the school management & all the teachers of Shanti International School, Kadi

**Mr. Shyamsundar Maiti &
Mrs. Chhandarani Maiti
Parents of Saikat Maiti, Grade-5**

TEACHER'S TALK

"Education is the passport to the future for tomorrow belongs to those who prepare for it today's".

I am Mrs. Shruti Hedau working as a Maths and Science teacher at Shanti International School, Kadi. Firstly I would like to thank to our school management for giving me an opportunity to be a part of such a growing organisation, and to present and share my views and experience. I loving my work at this school. I'm gaining such a wonderful experience which is almost suitable for my professional growth. I found many good friends in the form of my colleagues who were very highly experienced and dedicated towards school and betterment of the students which motivates me to do my best by utilising my skills to the fullest. I'm enjoying my teaching here and enhancing my knowledge by learning new things especially different ways of teaching and imparting knowledge to the students by using various education tools and technology. I have learnt so many things over here. Once again I feel very proud to be a part of such an excellent organisation. Thank You...

Mrs. Shruti Hedau
Maths and Science Mentor

TEACHER'S TALK

Namskar,
I, Deepika Gohil, Class Teacher of Nursery at Shanti International School, Kadi.
SIS, Kadi is a school which works towards igniting a candle to remove the darkness of ignorance and illiteracy.
The work environment here is so pleasant that everybody who works here gets positive vibrations which ultimately improves the quality of work.
The strength of any organization lies in its team members. I feel blessed to get to work with the best team members. I am thankful for getting to work in such an organization where everyone works towards building a good work environment and promoting each other to perform best always.
And the credit for this goes to the visionary leader of the institute. The Management is supportive and always encourages staff to achieve great performance.
I hereby take a moment to thank the parents for keeping us motivated and for keeping faith in our teaching patterns.
Thank you!

Dipika Gohil
Nursery Class Teacher
