MONTH - AUGUST | ISSUE - 05 | YEAR - 2022

FROM THE SENIOR PRINCIPAL'S DESK

Mrs. Shweta S Shivhare
Sr. Principal

**"Put your heart, mind and soul even into your smallest acts. This is the secret of success"
- Swami Sivanand**

School today, play a pivotal role in shaping the child's personality by influencing and stimulating their mental, physical, emotional and spiritual growth. To draw full benefits from such schooling, it is essential that as a parents, we encourage our children to participate in maximum number of activities during their schooling years. Throughout the year, the month of August brings a lot of celebrations and activities therefore this month is very engaging for all the teachers and students. School is the only place, where the all over development of a child takes place. In this month, we celebrated Green Day, Friendship day, Raksha Bandhan, Independence Day, Janmashthami, Ganesh Chaturthi, National Sports day and conducted several CCA activities. We must also understand and appreciate that each year is special in the growth cycle of a child and make it a point of encouragement for children to whole heartedly to take part in such activities every year. These activities offer opportunities for students to learn the values of teamwork, individual and group responsibility, physical strength and endurance, competition, diversity, a sense of culture and community while also developing a deep sense of belongingness.

We held a PTM at the end of this month about the upcoming Semester-1 Exam in the next month and the growth of our children. I wish everyone to become successful in life with the values aligned. The growth of each individual student is our focus. "All the very best to our wonderful children, May you all aim for the brightest star and do well in your exam."

FROM THE PRINCIPAL'S DESK

Mr. C Ravikanth Ohal
Principal

Being a principal, I have a strong belief to promote harmony, dedication and a win-win scenario for everyone in school. Harmony can be interpreted as 'team cohesion'. As long as we have a dedicated team aiming for the same goals, anything can be achieved.

Teaching and learning are the core activities of a school. We should make good use of every minute of invaluable instruction time on enhancing students' learning. I always support teachers on their professional development and teaching. Great teachers are the most important ingredient to the success of our school. I do believe that schooling is for students. If we have great teachers in our classrooms, then we do not have to worry as much about the students. I always set students' benefit to be the first priority. The school will focus on promoting a high level of learning culture. Resources will be allocated to furnishing an inviting place and environment for learning. School policies will be refined to streamline the academic and co-curricular activities. You may expect changes in the future which I believe to be the sources of momentum for improvement.

August month was full of festive vibes filling the ambience of the school with positivity. Staff of SIS Kadi managed the academics, assessments and celebrations pretty well without compromising on the quality of delivery. The celebrations and activities included :

- Independence Day
- Tiranga Yatra
- Green Day
- Ganesh Chaturthi
- National Sports Day
- Janmashtami

Green Day

'Green -The colour of life....!!'

Green day was celebrated on 2nd August 2022 at Shanti International School Kadi in an instructive way where the child learnt about the importance of green colour and the positive effects it has on our lives.

Attractive charts and drawings were displayed on the bulletin boards depicting the green colour at its best.

Bubbling with enthusiasm in their astonishing green costumes the little ones created a pleasant, harmonious and refreshing aura.

It goes without saying that the active involvement in this colourful activity infused in them vigor, vitality and freshness.

The shades of green filled the air with freshness, thrill, ecstasy and bliss. It also prompted them to think how green colour energizes and revitalizes our lives. It was indeed an invigorating, reviving and rejuvenating experience....!!

PARENT'S TALK

There was such a time that I don't know about Shanti International School, but when i came to know about this school, then I got admission of my child in this school, because i found that SIS is the only good place where my child can get a good education.

I saw as a specialty in this school and the specialty is that teacher teach the child through the best method and were explaining very well. My daughter understood the concepts being taught in the classes well and focused on every activity.

There is a say that Shanti International School is a smart school, their studies and classes are also very smart for the all-round development of the children as there is a lot of activity, competition in the school, due to which the values were inculcated in the children. All the staff members of the Shanti International School are good and I am so happy that I have got my child admission in this school.

Every month regular PTM is being conducted to provide the feedback and suggestions to parents and the support requires from our end which motivates us to do our best to our child.

Most of the information is being passed by the school through MCC Application which also helps our ward to complete the work when he is absent.
