Monthly Newsletter

MONTH - FEBRUARY | ISSUE - 05 | YEAR - 2023

FROM THE SENIOR PRINCIPAL'S DESK

**Mrs. Shweta S Shivhare**  
Sr. Principal

**“The future belongs to the competent. Get Good, Get Better, Be the Best” – Brian Tracy**

We have stepped into the second month of the calendar year and are fast progressing towards the end of yet another academic session. It is again that time of the year when our prime goal is to remain focused on the assiduous academic endeavours. The students and teachers of Shanti international School are diligently preparing for the upcoming annual examination. I am sure that they are in their top-notch form and will give their best. February month is known for Science Day in school, where students get a chance to show their skills and talent. The children performed very well on this day. Our little Shantians have created a fruit and vegetables market with the help of their teachers, to show respect towards farmers and vendors who brings to us fresh fruits and vegetables. In this month some students participated in sports competition which was being organised by the Children's University at Nadiad Sports Complex in different categories such as U-9, U-11. (Boys and Girls Category) and were awarded with certificates.

At last all the very best to our wonderful children, may you all aim for the brightest star and do well in your exams. Do take care of your health and take all precautions to stay healthy and safe.

### FROM THE PRINCIPAL'S DESK

**Mr. C Ravikanth Ohal**  
Principal

As the Principal of the school, I feel honoured and privileged to be part of an educational institution where every stakeholder is a learner and every day is an opportunity to learn and discover. We look at ourselves as a community of learners, where everyone learns including our teachers, parents & staff.

I believe in upholding high standards with an absolute commitment to strive to understand and improve the educational process, using team strategies, while wholly centering on student achievement.

Our staff fruitfully employ two diverse strategies that are of Love and Logic to foster a positive learning environment for all our students. Love and Logic may seem like two contrasting forces. While love helps nurture trusting relationships, where students feel respected, appreciated and loved by the teachers, logic helps develop in students personal responsibility, self-control, good decision making skills self-confidence, and character building with high moral values.

Your child's learning involves and revolves around an effective partnership between home & school. We know the stronger the partnership is the more your child will benefit.

Whilst we know that the information here will give you answers to some of your questions, we also know that learning is social, and in this context we encourage you to come and speak to us in person for a more detailed perspective. I look forward to working with you as we help create a school where parents are welcome at any time, students are engaged in meaningful learning and the staff members are valued and appreciated for their efforts.

### CELEBRATIONS & ACTIVITIES

## National Science Day:

February month started with the month of excitement as students were thrilled for the Nerdnia Science Symposium – an Annual Science Exhibition (Student led conference) was being conducted by Shanti International School Kadi on account of Sir CV Raman's Birth Anniversery.

Nerdnia Science Symposium 2023 (Science Exhibition)

Our aspiring Scientists presented various science projects during the Nerdnia Science Symposium organized in our school. All the participants explained the science concepts thoroughly. Sr. Principal – Mrs. Shweta Shivhare, Principal – Mr. Ravikanth Ohal and Parents and teachers appreciated the hard work of the students. The Science exhibition was humungous, the models and the explanation put up by the students was amazing. A science exhibition is an event where students and educators come together to showcase their scientific projects and discoveries. Science exhibitions are an excellent way for students to share their work and learn from their peers, as well as for the general public to learn about the latest scientific research and discoveries. It's an excellent opportunity for students to showcase their creativity and critical thinking skills.

### Pre-Primary Activity – Market

Fruits and vegetables plays a vital role in our life as it is essential for the overall growth of the body and it also helps us to gain proper nutrition which boost our immune system. Our little shantians has created a Fruits and Vegetables market to show respect towards farmers and vendors who brings to us the fresh fruits and vegetables.

### Sports Competition :

U-9 and U-11 Boys and Girls Sports competition was being organised by Childrens University at Nadiad where our students enthusiastically participated and experiences the different games rule and format by participating in 60m 100m, 200m 400m Running Races, 60m Hurdle Race, Medicine Ball Throw, Tennis Ball Throw, High Jump, Long Jump, Javelin Throw, Standing Broad Jump

### Awards and Recognition :

Education India has organised a Principals Conclave – Vidwat Shaba at Ahmedabad where they awarded and recognised the principals for the work and dedication and also to the staff for volunteering.

### PARENT'S TALK

**Mr. Mukeshkumar Kantilal Patel and Mrs. Rajeshvariben M. Patel  
(parents of Master Yajat Mukeshkumar Patel – Grade VII)**

We are the parents of Master Yajat Mukeshkumar patel studying in Grade 7 at Shanti international School Kadi, We are pleased to share our valuable feedback regarding SIS which is always doing their best and striving hard for their student's success and helps us to understand the parental support required at home. Every activity is design in a way that students participate and learn from it. Teachers were always there to boost the student's potentiality and update the parents regarding child's progress. We like the curriculum at SIS which not only focus on imparting knowledge but how it will be useful in our life in a long run We are very grateful to the whole team of SIS Kadi....

Keep going SIS Kadi

Regards.

### PARENT'S TALK

**Mr. Dipak Patel and Mrs. Pritam Patel  
( Parents of Darshit Patel – Sr.KG )**

We are the proud parents of Darshit Patel studying in Sr. KG.

We are proud to be associated with Shanti International School-Kadi. Among the school we have seen so far, we have not seen the kind of positive atmosphere and vibes that comes off at Shanti International School.

The way of nurturing the children through performances and different activities has overwhelmed us. We are extremely happy with the kind of activities organised in school for children's Physical, Social and Intellectual development. I really appreciate the fact that focus is not just on finishing the syllabus but also ensuring that each kid is learning properly.

We specially thank to Mrs Rutuja Mam. With your guidance, our child has developed into a confident and capable child. Your expertise in teaching has put our minds at ease. We are so grateful to have you as our child's teacher.

We extend our heartfelt thanks to all the teachers of Shanti International School for their efforts and selfless sacrifice extending towards the kids. The teacher child ratio of this school is one of the main reasons which draws us to this institution. Thank u Shanti International School.

Regards

### PARENT'S TALK

**Mr. Sachin Patel and Mrs. Kinjal Patel  
(Parents of Grisha Patel –Grade V)**

We are the parents of Grisha Patel from Grade V, who is studying at Shanti International School, Kadi previously known as Little Angels School. We are thankful to all the Teachers and Principal and Management for giving us constant support and helping our child by nurturing to be a sound knowledgeable person in her live. We have observed the difference in our child's learning abilities who is now independently doing her works. The curriculum they follow amazed us at the initials days as most of the concepts were delivered by using different methods, strategies, techniques and approaches by inculcating values through activities. The curriculum which SIS follows is not limited to the knowledge of textbooks but they emphasis more on out of box thinking based so that students starts thinking beyond textbooks. This is what makes them unique and best school. They also helps the students to gain a lifelong conceptual knowledge and motivates our child to do more. We strongly agree with SIS Kadi and their curriculum and teaching practices were the best in terms of education.

Regards

### PARENT'S TALK

**Mr. Hiteshkumar Patel and Mrs. Hetalben Patel  
(Parents of Tirth Patel – Grade VIII)**

We are so glad that we have selected Shanti International School for my son Tirth Patel studying in Grade VIII. We have noticed a great level of confidence in my son. Each and every day their personality, discipline as well as his academic skills improve.

Thanks to the SIS teaching staff and school. As staff makes many efforts that students can understand things easily. They are helpful and co-operative. We appreciate the facts that, it is not only about finishing whole syllabus but also ensure that students learn properly.

We believe my child's future will become very bright and that all credit goes to school especially. Again thanking you for providing my son such a warm environment in school.

Regards

### PARENT'S TALK

**Mr. Mayank Pravinbhai Patel and Mrs. Payalben Patel  
(Parents of Nilax Patel – Jr.KG)**

We are the proud parents of Nilax Patel studying in Jr. K.G. at Shanti International School, Kadi. We would like to express our gratitude & appreciation towards Shanti International School Management especially to Principal Sir & Class teacher Ma'am for the unwavering commitment towards student's education despite of the hardships due to the pandemic. And giving students same attention & treatment as in offline classes. We are very happy with our child's progress.

Teachers work tirelessly to connect to students and families and to do it with passion, flexibility and grace shows that how deeply invested they are in teaching and nurturing their students.

We are pleased to share our views about the esteem organization and wish Shanti International School to continue to shine as always.

Thank you!!

### TEACHER'S TALK

**Meenu Modi**  
Social Science Mentor

I, Meenu Modi working as a Social Studies Mentor at Shanti International School, Kadi Campus. I feel immense pleasure to be associated with SIS Kadi managed by Education India. I have learnt and still learning so many new things over here.

I'm have being associated with this institution for last two years which helps me to gain good experience with great team work and uplifting environment, where management is clear with their rules and regulations which is equal for all.

I feel proud that we enrolled our children in this institution for their all-round development. I appreciate the management which plans and executes the activities for the growth of the children to cope with the skills useful in the 21st century.

I find the support which requires from my fellow colleagues who always helps me which shows the team spirit. Our Principal Sir - Mr.Ravikanth Ohal is a true leader. His vision and determination inspires us to always give our best and best.

Once again I would like to express my gratitude and feel honoured to be a part of Shanti International School, Kadi.

### TEACHER'S TALK

**Jyoti Sharma**  
Hindi Mentor

Namaskar!

I, Jyoti Sharma, providing my services as a Hindi mentor in Shanti International School Kadi. Working in an environment where Growth is sincerely advocated has been an astonishing experience.

As an educator for about 12 years now, I truly understand the importance of profuse visualisation in a student. "Hindi" being the language of the common, provides a crisp canvas for a child's infinite ideology.

But for this, one really needs an OPEN MENTAL ENVIRONMENT; which is provided through numerous campus activities for sure. Hence a child can get a better exposure at various horizons of growth, whether art, sports or brushing up their speaking skills.

I think the only thing that requires for this is the Active Participation from their side. And it's our job to fuel their Curiosity and offer them the Courage to do so.

Sometimes we forget how important is to nurture a kid, water it with love, compassion, discipline and make him/her strong enough to withstand the atrocities of this world.

I feel proud to be one among the Sculptors of the Future!

Thank You.
